Box Column Notations	
/	Sat in the box this jam.
X	Sat & finished that penalty time this jam.
S	Started from the box this jam.
$	Started from the box & finished that penalty time this jam.
3	Jam was called off due to this skater's injury.

Write the jam number, starting from 1 each period, in the JAM column as each jam happens. Enter skater numbers by position. If no Pivot is fielded, enter an "X" in the noPivot box.
When a skater sits in the penalty box, enter a / in the next unmarked BOX column, or an S if the skater starts the jam in the box. When the skater completes the penalty time, mark exit in same column (if same jam, make the / an X or the S an $). If that skater sits again in the penalty box during same jam, move to the next column under BOX. In case of star pass, **both teams** enter SP in the Jam column on a new row. Update star passing team with Jammer and Pivot reversed (mark noPivot) and the same Blockers. Mark all box exits/entries after a star pass in rows with current Jammer.
If jam is called for injury, indicate it with an 3 in the BOX column of the injured skater. Note any box time carrying over from first period onto the period 2 sheet before turning in period 1 sheet.
